IMPORTANT INFORMATION FOR IRRIGATION AUSTRALIA STUDENTS

Irrigation Australia Ltd as a Registered Training Organisation (RTO 91313) and a provider of educational services, takes our responsibilities seriously and we would like to reassure our students and their employers of the measures we are taking to minimise the risk of coronavirus (COVID-19) at our training events.

Irrigation Australia, like most similar institutions in Australia is continuing to provide training courses until further notice. This decision has been made applying the guidelines of the Australian Government's Department of Health and noting that gatherings of less than 500 people are permitted, however we request that individuals who are feeling unwell do not attend any of our training events.

The following precautionary measures will be implemented at all upcoming training events:

- Irrigation Australia has purchased no-touch thermometers and all students will have their temperature taken on a daily basis. Any student with a body temperature in excess of 37.2 degrees will not be permitted entry into the classroom
- Training course student numbers will be limited to a maximum of 12 students plus 2 trainers observing 'social distancing' with desks at least 1.5 metres apart
- All students will be asked to use hand sanitiser when they enter the classroom
- All work surfaces will be cleaned with disinfectant on a daily basis
- All students and trainers will be asked to avoid physical contact with others, including shaking of hands
- All students will be requested to sneeze/cough into their elbow

All students will be asked to contact Irrigation Australia if they test positive to COVID-19 within 14 days of completing a course, and if this occurs then Irrigation Australia will notify all students attending that particular course.

We believe that by taking the above sensible measures the risk of contracting COVID-19 is minimised for students and trainers.

That said, we understand that our community has varying levels of concern regarding the spread of COVID-19 and encourage you to make your own decisions regarding attendance at our events. Students who wish to cancel will be offered a full refund.

Bryan Ward
Chief Executive Officer
